

Canopy Brewing

MENU

Branch Manager - West Coast IPA

This hop-forward boss of the Forest is all business up front with citrus and pine, and a smooth finish that makes delegation easy.

Sap Story - Maple Brown Ale

Sweet, sticky, and hard to forget—just like that first kiss in a treehouse. Brewed with real maple syrup and roasted malts.

Knotty by Nature - Hazy Pale Ale

Unfiltered and unbothered. Juicy hops get tangled with a creamy body in this easy-drinking pale ale with a wild side.

Plank You Very Much - Pilsner

Crisp, clean, and a little cheeky—this crushable pilsner is brewed for summer hangs and saying thanks the treehouse way.

Treeseon - Barrel-Aged Stout

This one's for rebels. Betray the basics with this deep, dark stout aged in whiskey barrels. Bold enough to start a mutiny.

Acornholio - Nutty Amber Ale

Nutty, toasty, and a little squirrely. This amber ale is balanced, smooth, and dangerously drinkable.
